HOLIDAY ASSIGNMENT

CLASS - III (2026-27)

A Journey Of Learning and Fun

Dear Parents,

Knowledge is power and to impart righteously to our children, we have carefully and meticulously designed the Summer Assignment. It is to create a spirit of enquiry, creativity and sensibility among the students to foster an outlook that helps them explore and discover.

Summer vacation is the best and fruitful time for learning and nurturing creativity. The major emphasis is laid on **"Learning By Doing"**. It is a time of the year again we can do things which we missed during regular routine days.

- ★ Get up early in the morning, see the rising Sun and do the exercise.
- ★ Go for nature walk with parents.
- ★ Respect your elders and spend time with them.
- ★ Read at least one book of your choice and write review.
- ★ Sow some seeds in your garden/pots, take care of the plants and observe their growth.
- ★ Play your favourite game and sports regularly.
- ★ Enhance your skills and develop a hobby.
- ★ Keep your surroundings clean by minimizing the wastage of resources like water, electricity and fuel.

Instructions for holiday homework-

★The homework must be done systematically as per the given instructions.

★Parents can be the facilitators of the child but it must be the efforts of the child.

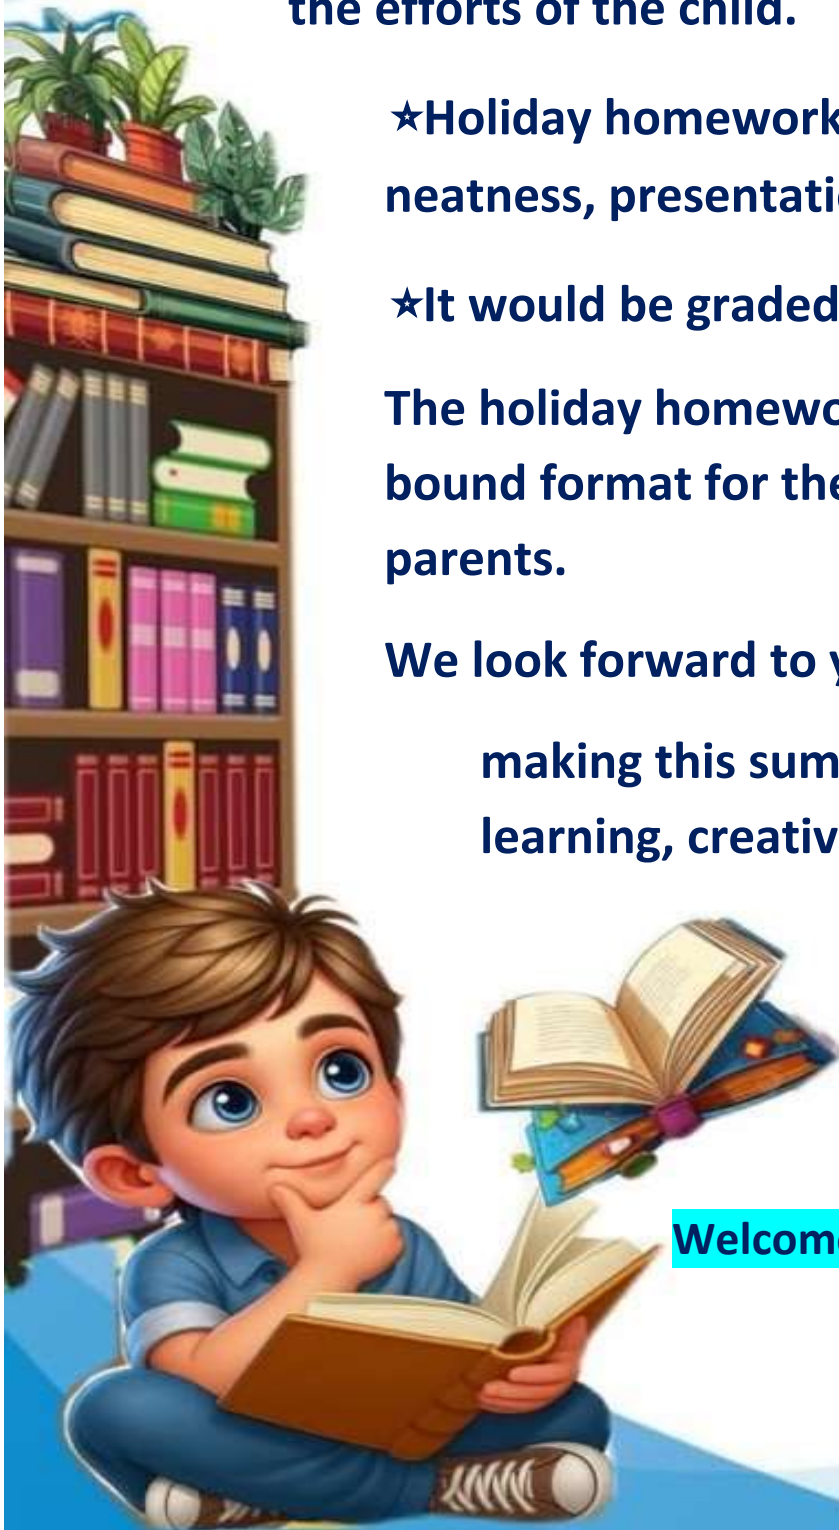

★Holiday homework would be assessed on the basis of neatness, presentation and originality of ideas.

★It would be graded as **Subject Enrichment Activity.**

The holiday homework has been compiled in a spiral-bound format for the convenience of students and parents.

We look forward to your cooperation and support in making this summer vacation a joyful journey of learning, creativity, discipline, and personal growth for every child.
